### REMARKS

Applicants have amended the title to conform to the presently claimed subject matter. It is respectfully submitted that these amendments will not require a new search or raise new issues for consideration by the Examiner. It is submitted that these amendments place the application in better form for allowance. These amendments were not presented earlier because they were deemed appropriate to advance prosecution after receipt of the latest Office Action. The Examiner is therefore respectfully requested to enter and consider these amendments after the notice of allowance.

In the statement of reasons for allowance the Examiner provided various reasons for allowance. Applicants will not specifically address or respond herein to the issues/points raised by the Examiner in the Examiner's provided remarks. However, this should not necessarily be viewed as constituting acquiescence by Applicants as to the correctness of some or all of the Examiner's provided remarks.

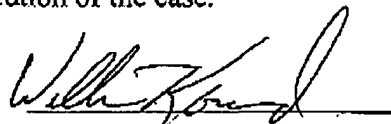

Moreover, Applicants note that the claims are directed to various combinations of features. It is respectfully submitted that the patentability of each of the allowed and allowable claims resides in every feature of the recited combination of features of the claims in addition to the features noted by the Examiner.

Applicants submit that no new claims or new matter has been added to the application. Nonetheless, should any additional fees be required, please charge Deposit Account No. 09-0466.

The attorney of record invites the Examiner to contact him at (310) 553-7970 if the Examiner believes such contact would advance the prosecution of the case.
